1. Overview, which includes our Vision Statement, Mission Statement, and Grant Criteria. When completing your program proposal, please think about these points and share with us details about how your program meets them.
2. Post-Program Evaluation. After a grant and upon completion, you will need to provide this information about your program's outcome. Of course, you may want to consider how your proposed program will be able to answer these questions once completed.
3. Program Proposal Form. Complete this form in order to fully understand your proposed program, who it benefits, and how it does so. Feel free to add attachments or other materials as appropriate.

Please submit your completed program proposal to Mary's Giving Fund at mary@twyckenham.net. Your proposal will be considered at our next program review meeting, which is generally quarterly. If you have any questions about the paperwork or the process, please direct them to us via email or the U.S. mail.

Again, thank you for your interest, and we look forward to receiving and reviewing your program proposal.

Sincerely,

Robert E. McArtor
Chair and President
